Rinker Boat Sales

Open 7 days a week 10am to 5pm

Sea trials must be booked in advance and are subject to sea conditions being suitable.

Lema and Rinker reserve the right to make changes at any time, without notice or obligation in standard equipment, options, specifications and prices. This brochure is intended as a guide only and is no substitute for the real thing.

We invite you to visit us at Sovereign Harbour and spend time on our boats in order to evaluate the modern designs, high quality build and excellent value for money. The full specification and price of your boat will be fixed at time of order.

This brochure is accompanied by a separate price list which shows the full specification and available options.

Current pre-owned stock is shown on our web site together with our Brokerage boats. We can quote competitive prices for delivery by sea or road throughout the EC.

Sovereign Harbour is located on the main A259 midway between Pevensey Bay and Eastbourne. It is adjacent to the Asda/Next shopping complex and a large free car park is available. Follow signs to the Waterfront and our offices are located on the first floor with the entrance next door to the Italian restaurant. Our boats are moored outside the office.
